

## Postdoctoral & Research Scientist positions across Machine Learning & Statistics -- Johns Hopkins University

por webadmin - Martes, diciembre 16, 2014

<http://www.biometricsociety.net/2014/12/16/postdoctoral-research-scientist-positions-across-machine-learning-statistics-johns-hopkins-university/>

We are seeking up to three creative and motivated individuals for postdoctoral and research scientist positions across machine learning and statistics applied to large scale clinical problems at Johns Hopkins University.

See full ad with submission instructions here:

<http://www.cs.jhu.edu/inhealthpostdoc/>

We are particularly interested in candidates with experience in large scale modeling with Bayesian methods, approximate inference, non-parametric methods, or causal inference. Past experience with clinical data not required.

Applications will be reviewed until the position is filled.
