

Postdocs in Biostatistics in Oslo

por webadmin - Domingo, enero 25, 2015

<http://www.biometricsociety.net/2015/01/25/postdocs-in-biostatistics-in-oslo/>

The University of Oslo offers two postdoc positions in Biostatistics.

The positions are each for two years.

The research themes of the two postdocs are:

1. High dimensional data in biomedicine

Scientist in charge: Arnaldo Frigessi

<http://www.med.uio.no/imb/english/people/aca/frigessi/index.html>

Mail to: Arnaldo Frigessi (arnaldo.frigessi@medisin.uio.no)

2. Causal inference in cancer epidemiology Scientist in charge: Marit Veierød and Kjetil Røysland <http://www.med.uio.no/imb/english/people/aca/veierod/index.html>

Mail to: Marit Veierød (m.b.veierod@medisin.uio.no)

Applicants must have a PhD in statistics, mathematics or related disciplines. They are invited to contact the Scientist in charge to agree on a research proposal as soon as possible.

The postdoc positions are under the EU scheme Scientia Fellows. See here for rules:

<http://www.med.uio.no/english/research/doctoral-degree/scientia-fellows/apply/>

How to apply? See here:

<https://uio.easycruit.com/vacancy/1191973/70122?iso=no>

The postdocs will be employed with a fixed term employment contract at the University of Oslo. Gross salary, with living and mobility allowances included, amounts to approximately 58 000 EUR/year.

Deadline: 2. February 2015

Arnaldo Frigessi

professor

Department of Biostatistics

University of Oslo

Norway
