Newcastle University is seeking to make five new appointments Statistics, all based in the School of Mathematics & Statistics. There is a chair, two lectureships and two research associate positions. Candidates for the chair or lectureships who have appropriate research records can expect reduced teaching loads for at least the first three years after appointment.

At Newcastle we have a long tradition of research in statistics, with strength in data science, bioinformatics and biostatistics. We are heavily involved in the University development of Science Central, a £200 million project bringing together academia, the public sector, business and industry on a new site in the heart of the city.

For further information please visit <http://www.ncl.ac.uk/vacancies/> and either search for vacancies in the School of Mathematics & Statistics or quote the appropriate reference number: G634 (Chair), D1692A (Lectureships) or D1690R or D1691R (Research Associates).

Informal enquiries regarding the Chair and Lectureships may be made to Prof Robin Henderson (Robin.Henderson@ncl.ac.uk), and any regarding the RA positions may be made to Prof Darren Wilkinson (Darren.Wilkinson@ncl.ac.uk).

Closing date for applications is 27 March 2015.

Prof Darren Wilkinson
