Postdoc in Oxford: machine learning for tidal current prediction

por webadmin - Viernes, abril 24, 2015

http://www.biometricsociety.net/2015/04/24/postdoc-in-oxford-machine-learning-for-tidal-current-prediction/

We are seeking a full-time Postdoctoral Research Assistant to join the Department of Engineering Science at the University of Oxford. The PDRA will be part of both Civil Engineering and Information Engineering research groups, and will work to bring techniques from machine learning and computational statistics to bear on the prediction of tidal currents. The post is fixed-term for 13 months, and the candidate should be able to start by October 2015 at the latest. Applications to be received by 12pm on Monday 18th of May 2015.

[More details are available.]
