The Department of Statistics, Purdue University invites applications for two faculty positions beginning August 2016. Both hires will join an exciting, modern, and established department that includes applied, theoretical and computational statisticians. Purdue Statistics offers a stimulating and nurturing academic environment with more than 35 tenured and tenure-track faculty members directing research programs in a broad-range of areas.

Further information about the department is available at <http://www.stat.purdue.edu>.

The first position is at the rank of Associate Professor with tenure in the area of Computational Finance. This hire will engage and invigorate an existing and successful interdepartmental graduate Program in Computational Finance.

The second position is at the rank of Assistant Professor in the area of Probability. Applicants who can interact or collaborate with the exiting faculty are particularly welcome.

All applicants should hold a Ph.D. in Statistics or a related field, be committed to excellence in teaching, and have demonstrated strong potential for excellence in collaboration and research. Salary and benefits are highly competitive. To apply to any of the positions in Statistics, please visit

<https://hiring.science.purdue.edu>

Review of applications will begin on December 20, 2015 and will continue until the position is filled. Purdue is a dual career friendly employer. A background check will be required for employment in this position. Purdue University is EOE/AA employer. All individuals, including minorities, women, individuals with disabilities, and protected veterans are encouraged to apply.

Thank you,

Diane L. Martin

Administrative Assistant to the Head

Department of Statistics, Purdue University Haas Hall, Room 132 250 N. University Street West
Lafayette, IN 47907-2066
