Assistant or Associate Professor in Financial Mathematics Dept. of Statistics, University of Warwick, UK

Salary: £38,511-£45,954 pa (Assistant Prof) or £47,328-£50,200 pa (Associate Prof)

This is an opportunity to join one of the world's most prominent and most research-active Departments of Statistics.

This new opening arises from exciting initiatives at postgraduate level in financial mathematics and builds on the Department's strengths at the interface between stochastics and finance.

You will either have interests in mathematical finance which overlap with current members of the department, or bring complementary experience in computational finance or in statistical methods applied to finance which would broaden the research and teaching base of the department. You should have a PhD in a relevant discipline or an equivalent qualification.

Informal enquires can be addressed to Professors Mark Steel

(M.F.Steel@stats.warwick.ac.uk) and David Hobson

(D.Hobson@warwick.ac.uk) or to any other senior member of the Warwick Statistics Department.

Start date: flexible

Closing date: December 8, 2015

Interviews will take place on January 26, 2016.

Applicants should ask their referees to send letters of recommendation in advance of the closing date to the Departmental Administrator, Mrs Paula Matthews (Paula.Matthews@warwick.ac.uk).
