Lecturer/Senior Lecturer of Health Data Science Harvard T.H. Chan School of Public Health

The Department of Biostatistics at the Harvard T.H. Chan School of Public Health (SPH) seeks outstanding candidates for a faculty position at the lecturer or senior lecturer level in data science.

The department has made educating the next generation of data scientists one of its top priorities. The lecturer/senior lecturer will be an integral part of our faculty, as they will play a leadership role in developing a new Master of Science Program in Data Science with an emphasis in health applications. Candidates should have a strong background in data analysis and computing for big data as well as enthusiasm for research, teaching, and mentorship throughout the graduate program.

Candidates are required to have a doctorate degree in biostatistics, statistics, computer science, or related fields by the time the appointment begins.

The lecturer and senior lecturer appointments are non-tenure-track faculty appointments.

Please apply to: <https://academicpositions.harvard.edu/postings/6467>

For questions, please contact:

Chair, Search Committee for Data Science Lecturer/Senior Lecturer c/o Vickie Beaulieu Department of Biostatistics Harvard T.H. Chan School of Public Health

Email: biostatjrsearch@hsph.harvard.edu

The Department of Biostatistics at the Harvard T.H. Chan School of Public Health (SPH) also has the following tenure track positions available: 1) one tenure track position at the assistant or associate professor level in the areas of statistical and computational science for big data in health science and 2) two tenure track positions at the assistant or associate professor level in the areas of statistical genetics and genomics and computational biology. For more detail on these positions, please go to <http://www.hsph.harvard.edu/searches/>.

Harvard University seeks to find, develop, promote, and retain the world's best scholars and is an Affirmative Action/Equal Opportunity Employer.

Applications from women and minority candidates are strongly encouraged.
