

Winter School in Statistics (Jan 28-29, 2016 in Louvain-la-Neuve, Belgium)

por webadmin - Domingo, noviembre 29, 2015

<http://www.biometricsociety.net/2015/11/29/winter-school-in-statistics-jan-28-29-2016-in-louvain-la-neuve-belgium/>

Dear all,

— The Université catholique de Louvain (UCL, Belgium)
— The Université de Liège (ULg, Belgium),
— The Universidade de Santiago de Compostela (USC, Spain)
— The InterUniversity Attraction Pole Network IAP-P7/06 (Belspo)
are pleased to announce the joint organization of a

Winter School in Statistics

on January 28-29, 2016 in Louvain-la-Neuve (Belgium)

It consists of 3 lectures (of 4.5 hours each) spread on two days with the 1st day devoted to a presentation of the basics:

— **Prof. Mark Girolami** (Department of Statistics, Warwick) will lecture on *Simulation based statistical inference from dynamical systems*
— **Prof. Paul H.C. Eilers** (Erasmus Medical Centre, Rotterdam) will lecture on *Recent developments in P-splines for multi-dimensional smoothing*
— **Prof. Richard Samworth** (Statistical Laboratory, Cambridge) will lecture on *High-dimensional statistical inference*

More information can be obtained from

<http://www.uclouvain.be/529740.html>

The **deadline** for registration is 15 January 2016.
