

Consultation about math in H2020

por webadmin - Jueves, febrero 18, 2016

<http://www.biometricsociety.net/2016/02/18/consultation-about-math-in-h2020/>

The EU has just launched an open consultation on “Mathematics in H2020”.

The objective is to collect a large quantity of concrete proposals that can subsequently be used to inform and elaborate calls (in the FET framework, for 2018-19-20) with explicit mathematical sciences content. We urge you to contribute massively to this consultation:

<https://ec.europa.eu/futurium/en/content/online-consultation-mathematics-excellence-science-horizon2020>

We are of the opinion that mathematics should not be reserved to ERC, but should be omnipresent in the future work programmes!

Please note that the deadline is not far away and spread the news as much as you can in your countries.

We encourage you to take part in the consultation!

Best regards,

European Mathematical Society
