

Internship at BCAM: Comparative study of experimental designs for biodosimetry calibration curves

por webadmin - martes, diciembre 19, 2017

<http://www.biometricsociety.net/2017/12/19/internship-at-bcam-comparative-study-of-experimental-designs-for-biodosimetry-calibration-curves/>

Internship opportunity for Undergraduate, Master and PhD students in maths, stats or related areas.

The main goal is to perform a comparative study of experimental designs for calibration curves with application to cytogenetic radiation biodosimetry. More info in this [link](#).

For applying or looking other internship positions at BCAM visit <http://www.bcamath.org/en/research/internships>.
