

## XXXII International Biometric Conference (IBC2024)

por webadmin - viernes, diciembre 29, 2023

<https://www.biometricsociety.net/2023/12/29/xxxii-international-biometric-conference-ibc2024/>

8-13 December, 2024

Atlanta Marriott Marquis

Atlanta, Georgia, United States

The mission of the IBS is ‘to promote the development and application of statistical and mathematical theory and methods in the biosciences, including agriculture, biomedical science and public health, ecology, environmental sciences, forestry and allied disciplines.’ Contributions at the conference are therefore welcome across a wide range of methodological topics relevant to the Society’s mission.

Submissions from a broad range of perspectives are encouraged. The following list provides an indication of the methodological topics that are expected to be covered at the upcoming conference. Additional areas may be considered for inclusion as part of the scientific program.

### Important Dates & Deadline:

- Invited Session Proposals: Submission Period Closed
- Short Course Proposals: Submission Period Closed
- Contributed Oral/Poster Proposals:  
Submission process is open **15 December 2023 – 25 March 2024** (updated deadline for abstract submissions)
