VIBASS 7 is the seventh edition of the summer school on Bayesian Statistics to be held from **8th to 12th July 2024 in València (Spain)**.

The five days of VIBASS 7 are organised in three parts:

1. Monday 8 and Tuesday 9 include a **basic course on Bayesian learning** (12 hours), with conceptual sessions and practical sessions with the vibass R package. It would be advisable that participants bring their laptops for the practical sessions.
2. Wednesday 10 and Thursday 11 is dedicated to an issue of current interest in Bayesian research. The topic of this edition is «**Bayesian modelling for economic evaluation of healthcare interventions**«. This 12 hours course is provided by **Prof. Gianluca Baio (University College London, U.K.)**.
3. Friday 12 is the last day of the school. It is devoted to the Seventh **VIBASS Workshop**. We will have two plenary sessions with invited speakers **Dr. Alicia Quirós (Universidad de León, Spain)** and **Dr. Thomas Opitz (INRAE, France)** Attendants to the school are encouraged to present their research in an informal contributed session.
