METMA XI is the 11th International Conference on Spatio-Temporal Modelling and will be hosted at [Lancaster University](#) from the 23rd to the 25th of July 2024.

The purpose of this conference is to promote the development and application of spatial, temporal, and spatio-temporal statistical methods in the context of health and environmental research. The general objective is to bring together professionals and researchers from different areas and countries worldwide. The scientific program features sessions covering topics on the latest advancements in theory, methods and applications. Contributed papers and posters are welcome.

Important Dates

- Opening registration system: 30 January 2024 (Registration)
- Submission deadline: 30 April 2024 (Submission)
- Communication of acceptance: 15 May 2024
